

Combinations of titanium bases and materials in the CEREC software 5.2.2

This overview indicates which combinations of titanium bases and materials can be selected in the CEREC software 5.2.2 for various regions.

⊕ indicates that this combination is available.

⊖ indicates that this combination is NOT available. Irrespective of this, individual titanium bases and materials may not be available.

All countries are divided into 11 regions. Click on the region or scroll down to find the table which applies to your country.

Region 1:

USA

Region 2:

Germany

Region 3:

Europe (CE mark countries) excluding Germany
