Sirona

Quality at the highest level

When developing treatment centers, we value high quality and longevity so that you have a clear mind and can focus on the treatment. This applies to our technologies, as well as our materials.

As the centerpiece of the dental practice, the design of the dental unit plays an essential role in the well-being of the patient. At the same time, a modern aesthetic also supports the work satisfaction of the dental team. The new exclusive design collection, with stylish colors and applications, makes each treatment center a unique distinctive piece and a reflection of your practice.

Color redefined

The design of the Dentsply Sirona treatment centers stands for clarity, elegance and ergonomic comfort. The individual configurability adapts to your treatment needs. The freedom of design in regards to the upholstery, stitching and paintwork colors gives the room individual character and a special allure.

Stitching and embroidery

Choosing a Lounge upholstery gives you the opportunity to go one step further and truly express yourself. Give your treatment center your personal touch by optionally selecting a unique stitching color, choosing from five different stitches to configure your favorite combinations.

New stitching colors in Lounge upholstery

With the new stitching color options, you introduce individual accents into your Lounge upholstery:

Dark gray

With a tone-on-tone accentuation in combination with the upholstery color Carbon, the dark gray color looks particularly sleek and contemporary. When combined with Merlot, it creates a unique contrast and bold style statement.

Light blue and rose

The shades of light blue and rose create a deliberate contrast when paired with Carbon and Pacific, giving both colors a soft, delicate touch. The combination of the light blue or rose stitching with the natural upholstery colors, Umbra and Basalt, creates a tranquil, yet exclusive result.

Paintwork colors

Furthering your opportunity for customization, you have the option to add paintwork colors to selected components of your treatment center. Four unique color selections are now available for the water unit, the dentist element and also, the assistant element. The high-gloss white of your treatment center now features a personal touch with your choice of matted paintwork color.

Rosé

The gentle shade of color subtly accentuates the natural upholstery colors, Umbra and Basalt, giving them an elegant pop of color.

Platinum silver

Platinum silver in combination with the upholstery colors Carbon, Pacific or Platinum emphasizes the high quality materials and creates an upscale contemporary feel as a result.

Matt gold

The paintwork color, matt gold, gives the fresh vibrant upholstery colors Aqua, Aloe and Flamingo a touch of luxury.

Your options for individuality

Upholstery colors

The elegant world

Classic, timeless combinations for an especially high-class look.

The natural word

Soft, warm shades for a soothing treatment atmosphere.

The vital world

Vivid colors and bright tones for a modern, lively atmosphere.

Teneo Gold Edition

Gold Edition

With the limited Teneo Gold Edition, introduce a new level of elegance to your treatment center. Featuring a new gold paintwork color, a custom embroidered headrest and gold stitching beautifully detailing the lounge upholstery, the centerpiece of your practice gets an exclusive upgrade.

trenDS 2019/20

Dentsply Sirona has researched four striking global interior trends for 2019/20, which have directly influenced the design collection and are thoughtfully reflected in the details. The following overview is a small excerpt from the trenDS magazine. Be inspired and discover the diversity of the design collection.

1 | Mindful Clarity

Nordic influences and a subdued design vocabulary are found in this ambiance. Natural materials and quiet colors bring a pleasant and calming atmosphere in dental practices.

2 | Striking Energy

Colorfulness and playful style combinations set the tone in this unconventional look. Graphic patterns in the wall and light design as well as in upholstery fabrics enhance the style.

Upholstery color "Umbra"

A new, fascinating earth tone complements the design collection as an understated color with a calming aura. Authentic and deliberate, the shade underlines a balanced, understated atmosphere. The color often is associated with sustainable and honest materials. Be inspired by the „Mindful Clarity“ trend in our new trenDS magazine 2019/20.

Upholstery color "Flamingo"

The new expressive orange resembles a Caribbean flamingo. Powerful, dynamic and full of life. With this intensive color, you set impressive accents. Be inspired by the trend „Striking Energy“ in our new trenDS magazine 2019/20.

trenDS 2019/20

3 | Sensitive Luminance

Within the context of an innovative, clear and minimalist design style, architectural details are characterized by a sensitive interplay of transparency, modern light installations and innovative technologies.

Upholstery colors "Aloe" and "Aqua"

A new subtle green and a soft, bright blue give a pleasant feeling of serenity and relaxation. They fit ideally in translucent, light-flooded room atmospheres. They are often combined with modern natural and water installations. Be inspired by the trend „Sensitive Luminance“ in our new trenDS magazine 2019/20.

4 | Refined Luxury

An eclectic, elegant style that asserts sophistication. All of the elements are upscale and extravagant – ornamental design objects exude an aura of rarity. Deep colors and high-end materials characterize the luxurious spatial designs.

Upholstery color "Merlot"

The new lavish wine red sets the tone when it comes to an elegant and nuanced interior design. The tasteful and refined charm of this color elegantly unfolds when paired with gentle peach and rosé nuances. Be inspired by the trend „Refined Luxury“ in our new trenDS magazine 2019/20.
