The Dentsply Sirona Global Clinical Case Contest

ANZ Regional Contest

26 April 2023

- Selection of one ANZ regional winner.
- The first, second and third place finalists will receive an award.
- The ANZ regional winner will qualify for the Global Final.

The Dentsply Sirona Global Clinical Case Contest (GCCC) features aesthetic case studies. Since its inception in 2004, more than 6,500 dental students have participated, with the 2021-2022 competition drawing close to 1000 cases and 164 dental schools.

Dental undergraduate and graduate students, with less than 2 years of clinical practice, are invited to participate (repeated participation excluded) by documenting a patient case with photographs and text.

A university should designate a tutor for its participants, and each university can submit up to three entries through its local Dentsply Sirona country organization.

A tutor can range from a dental faculty member to a post-graduate student. Their purpose will be to oversee the student's clinical case.

Clinical Cases and Materials Used

Clinical anterior or posterior restorations are placed using the entire Dentsply Sirona restorative product line. The case must be photo documented and accompanied by text, and submitted in a standardised format provided by Dentsply Sirona.

All Dentsply Sirona products, required for fabricating cases, are available free of charge to participants.

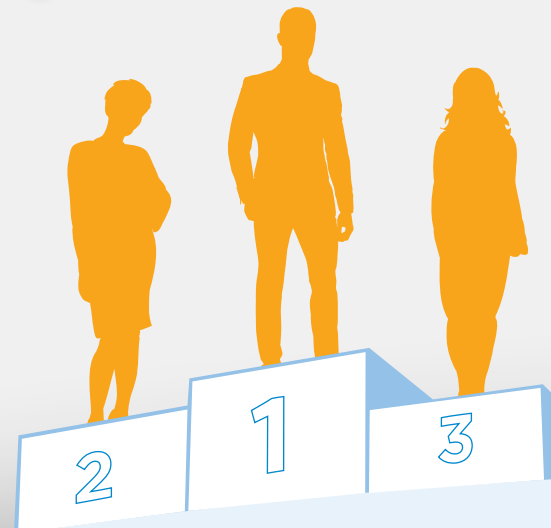

Direct adhesive restorations as well as CEREC Tessera™ restorations created chairside using the CAD/CAM workflow are eligible for entering the contest.
