

## Dear Dentsply Sirona World 2020 Registered Attendee,

After close consultation with our partners and hearing from the dental community around the world, I am excited to announce today that Dentsply Sirona World 2020 will still take place – as localized in-person programs and a global virtual event scheduled to take place in early November 2020.

We will host both localized in-person events as well as an entirely new virtual format of Dentsply Sirona World, packed with the same great content, general sessions and incredible learning opportunities for the entire dental community both in real time and on-demand. The in-person event, originally scheduled to take place Oct. 1-3, 2020 at Caesars Forum in Las Vegas will be postponed to a later date and comes as a result of the current coronavirus health situation affecting our country.

As you know, great things happen when the dental community comes together and connects at Dentsply Sirona World to deliver healthy practices for healthy smiles. Having spent the past year preparing for Dentsply Sirona World 2020 with our speakers, sponsors, exhibitors and partners, we are very excited to host you at Dentsply Sirona World 2020 virtually with ample opportunities to learn, connect and be inspired.

Current registrations for the in-person Dentsply Sirona World 2020 event will automatically transfer to the new date when it is announced. Additionally, everyone already registered for the in-person event receives registration for the virtual program as well; no action is required on registered attendees' part to register for the virtual program. Additional details regarding the virtual event will be forthcoming in the next few weeks.

We want to thank all our customers and partners for their support, open discussions and encouragement as we shared the journey together toward a virtual Dentsply Sirona World. As we finalize the details of the virtual Dentsply Sirona World program in the coming weeks, we will share more information about our plans with you. In the interim, please visit [www.dentsplysironaworld.com](http://www.dentsplysironaworld.com) often for updates and more information.

Best,

Eric Bruno
