

Singapore CEREC Study Club goes virtual

Dentsply Sirona Singapore usually organizes the CEREC Study club once a quarter. Due to the current situation, it was shifted to digital this time.

While the number of attendees is usually kept to 10 to foster vivid discussion, this time there was a surge in interest and more participants were accepted. With the help of Dentsply Sirona’s guest speaker for CEREC, Dr. Lawrence Lau, the CEREC users gathered to discuss tips and tricks in order to improve clinical outcomes.

CEREC Study Club 3.0 digital edition

TOPIC: IMPLANT CROWNS

In today's world of CAD/CAM dentistry, treatment planning and options available for digital workflows are constantly changing. This Study Club meeting will cover some of the new updates and workflow possibilities for implant crowns, to help make your CAD/CAM procedure more efficient than it already is.

Join us for our first **digital CEREC Study Club!**

Thursday, 21 May 2020, 4:00PM - 5:30PM SGT

THE DENTAL SOLUTIONS COMPANY™

This event was also the occasion for CEREC users to invite interested but not yet converted CEREC users in order to develop the CEREC community in Singapore and bring awareness to new users who are thinking of buying the CAD/CAM system.
