

New Partnership with Horus University in Egypt

The MENA region managed to close a deal with Horus University (Egypt) during the COVID-19 period.

During the four-phase project a lot of products have been delivered already, including 150 Intego Treatment Centers, CEREC and inLab systems, an Orthophos SL 3D, 4 Heliodont Plus, 4 DAC Professional, 4 Xios XG, a SiroLaser Blue and 20 X-Smart Plus. The next phase includes the delivery and installation of 100 Simulation units and around 1000 instrument kits for the students of Horus University to use.

In the following video you can see the progress of the partnership: [Watch here](#).
