

In-Ovation® L by GAC Self-Ligating Lingual Brackets

In-Ovation® L by GAC Self-Ligating Lingual Brackets

Your choice for
a beautiful smile.

Getting started is easy

A better, more confident you has never been easier. After an initial consultation with a specially qualified orthodontist, In-Ovation can be placed on your teeth in one easy visit. From there, your doctor will schedule periodic visits to monitor your progress. That's it! After your doctor removes In-Ovation, you are left with an amazing new smile!

The Dental Solutions Company

Dentsply Sirona is the world's largest manufacturer of professional dental products and technologies. We create industry-leading positions and platforms across consumables, equipment, technology, and specialty products. We are committed to introducing new, innovative products and complementary, end-to-end solutions to drive better, safer and faster dentistry.

The invisible way to enhance your smile.

Congratulations, now you can have the smile you've always wanted! With the In-Ovation® L bracket, your doctor can prescribe a comfortable and technologically advanced bracket that fits with your busy lifestyle. Utilizing self-ligating technology, treatment with In-Ovation L can mean fewer follow-up appointments and shorter treatment times, giving you more time to enjoy your new smile.

In-Ovation works gently to guide your teeth into proper alignment. The system is so comfortable and easy to manage that you will forget you are wearing them.

Does a Bracket Really Matter?

Yes. In-Ovation L was created with patient comfort and efficient treatment in mind. You'll immediately appreciate the low-profile design and rounded edges that deliver the utmost in comfort during treatment. At the same time, the free-sliding technology is designed to reduce the amount of time you'll need to spend in braces, and the integrated clip is designed to shorten wire changes and visits. It's a treatment that fits you, your life and your lifestyle.

What is In-Ovation L?

Unlike traditional braces, In-Ovation L brackets are placed on the back of your teeth, so only you know you are wearing braces. Comfortable and easy to wear, In-Ovation L is hidden throughout the entire treatment process.

Can In-Ovation L benefit me?

In-Ovation L has helped many patients, both teens and adults, improve their smile in a discreet way. Because they are easy to wear and treatment is so effortless, nothing comes between you and having the smile you have always wanted. According to the American Association of Orthodontists straight teeth may lead to the following health benefits:

- Healthier teeth and gums
- Easier to maintain oral hygiene
- Decreased risk of abnormal wear of tooth surfaces

Made to fit your lifestyle.

Whether you are active in sports, busy in school or an active professional, In-Ovation L is the treatment of choice that works best with any lifestyle. You can eat, speak, drink and travel without ever worrying about your treatment's progress or misplaced trays or elastics.

With In-Ovation L you can...

- Eat and drink without having to remove anything
- Improve your smile without ever changing appliances
- Speak clearly and confidently
- Enjoy fast, fully undetectable treatment
