Ovation® C Ceramic Brackets

The confidence
you want, the
smile you deserve.

The Beginning of a New You!

Congratulations on your decision to pursue orthodontic treatment! Getting your teeth straightened is an investment in you that will last a lifetime. Ovation C ceramic braces are made from a translucent ceramic that allows the natural color of your teeth to show through. They are then finished to resist staining for easy cleaning. With Ovation C you can smile with confidence that your new smile is right around the corner.

Ovation C and Adult Orthodontics

If you're an adult considering orthodontics, you're not alone. Today more than 25% of orthodontic patients are adults. With their esthetic and low profile design, Ovation C is an ideal treatment option for patients of every age. It can change how the world sees you...and how you see the world!

Ovation C Low-Profile Design

Ovation C braces are designed to fit seamlessly into your life. With their translucent ceramic, rounded corners and low profile design, many people feel that Ovation C brackets look and feel less intrusive than metal brackets. Treatment with Ovation C is an ideal option for anyone who might want a discrete alternative.

Ovation Advantages
