Introducing Ovation S

They Appear to Disappear

Give your patients the esthetics they want with the new Ovation S polysapphire bracket. Offering a virtually invisible esthetic experience that rivals clear aligners, the unique molecular structure of the bracket lets the natural color of the tooth shine through. The state-of-the-art surface minimizes reflections while offering a powerful barrier against stains.

A New Kind of Strong

Second in hardness only to diamond, the polysapphire Ovation S resists the cracking and crumbling that can occur with traditional ceramic brackets. Its exceptional hardness is practically invincible and reduces friction by an impressive 41% allowing for smooth, steady movement without binding or crimping.

Now there is another option for esthetic-driven patients with all types of malocclusions. Get the precision, performance and control that removable solutions can't match with Ovation S polysapphire brackets.

NEARLY INVISIBLE

Crystal-clear polysapphire, Ovation S braces are one of the most discrete ways to treat teeth. They combine the esthetics of clear aligners with the convenience and proven clinical outcomes of braces.

DESIGNED FOR COMFORT

Thanks to the strength of polysapphire, Ovation S braces are small, low profile and designed for superior patient comfort.

ENHANCED TREATMENT

By reducing the friction that occurs between the brace and the archwire by up to 41%, Ovation S braces allow archwires to slide freely without binding or crimping.

STAIN RESISTANT

Ovation S is one of the hardest ceramic braces ever designed. Its high-tech finish locks out stains and minimizes reflections, so people see nothing but the natural tooth color.

Virtually Invisible. Practically Invincible.

Smooth Rounded Hook

for added patient comfort and secure engagement of elastics.

Smooth Rounded Edges

for exceptional patient comfort.

Triple Beveled Slot

optimizes sliding mechanics and minimizes archwire bending and crimping.

True Twin Design

proven to deliver various ligation options and predictable results.

Advanced Ceramic Material

for smooth surfaces, superior strength and fracture resistance.

100% Mechanical Base

for reliable bonding and consistent debonding.

Lower Profile Design

and anatomically shaped tie-wing for maximized patient comfort.

Prescription Options

Available in Base* and Euro prescriptions in slot sizes .022 or .018 and hooks available on 3, 4 and 5.

MAXILLARY	Central ●		Lateral ●		Cuspid ●		1st Bicuspid ●		2nd Bicuspid ●	
	Torq.	Ang.	Torq.	Ang.	Torq.	Ang.	Torq.	Ang.	Torq.	Ang.
Base*	12	5	8	9	0	11	-7	0	-7	0
Euro	17	4	10	8	-7/0	8	-7	0	-7	0

MANDIBULAR	Central ●		Lateral ●		Cuspid ●		1st Bicuspid ○		2nd Bicuspid ●

Euro	-6	0	-6	0	-6/0	3	-12	0	-17	0

1. Bracket specific color code ID
2. Horizontal placement guide
3. Vertical placement guide

For the best esthetic experience combine Ovation S brackets with our high esthetic wires and pearlescent sili ties™.

Crystal-Clear Persuasion

The Dental Solutions Company

Dentsply Sirona is the world's largest manufacturer of professional dental products and technologies. We create industry-leading positions and platforms across consumables, equipment, technology, and specialty products. We are committed to introducing new, innovative products and complementary end-to-end solutions to drive better, safer and faster dentistry.
