## CEREC Club

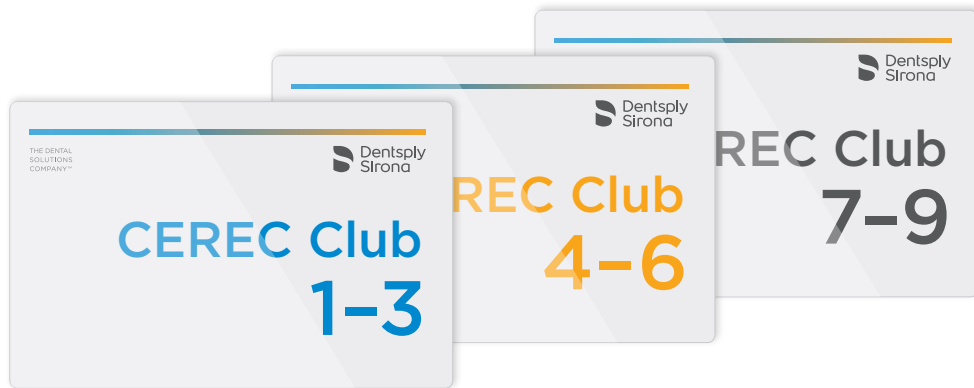

# For all those for whom new is not good enough

<sup>1</sup>The license for CEREC Premium software is dependent on the system's milling unit type.

# The guaranteed way to no longer miss innovations

With the three-year packages, you benefit from the latest software updates and upgrades as well as from exclusive spare part warranties and maintenance kits during the lifetime of your system. You can add in optional products and services as required at discounted prices.

“I make very high demands of my equipment, which also means keeping my software fully up to date. With CEREC Club, I can be sure of precisely that.”

Dr. Matthias Engeln, Hamburg, Germany
